March 30, 2020

In the past few weeks, Pathway has been continuously reaching out to all our families in an effort to keep you informed and empowered during this ever changing Covid-19 Pandemic.

The entire Pathway team remains committed to ensure we are working daily to provide clean, safe and functional buildings for you and your family.

We have asked for all our tenants to adapt to a new temporary reality with regard to office operations, adjusted maintenance routines and many other changes at our sites, and you have come through with amazing support!

We want to take this time to extend our thanks to each and every child, adult and Senior in our buildings.

Your cooperation, personal efforts and patience through this trying time are the best indicators that this battle will succeed not only in residential buildings, but as community partners and fellow Canadians.

Your efforts to practice social distancing, hands sanitizing other recommendations set out by Health authorities has been noticed and is appreciated.

We want you to know what you are doing is working! We want to encourage everyone to stay the course and hopefully this time in our history will soon be a distant memory.

Thank you from your entire Pathway team!
