NOTICE TO PATHWAY RESIDENTS

Re: CORONA VIRUS INFORMATION/PRECAUTIONS

March 4, 2020

Dear Residents:

As the 2019 novel coronavirus (COVID-19) continues to spread, the Board of Directors and Management have decided to take a proactive approach to protect our employees and the buildings' residents.

While at this stage, the risk of a major outbreak in Canada remains very low, we felt it would be prudent to be prepared and we have implemented measures to be prepared.

We have installed hand sanitizers for the offices as well as for each building' lobby area that can be used by residents, vendors and visitors.

We have attached (on reverse side) a notice from Health Canada with information concerning the virus. Our desire is to keep people informed, without creating unnecessary panic.

Although we are in the customer service business, we would like to recommend that, where possible, people minimize the requirement for close proximity contact with building staff. We suggest to use written communication to raise issues or concerns as it relates to your tenancy or maintenance issue.

Management will work with the residents to keep everyone informed of the issues/precautions throughout this period. It is not our intention to spread unnecessary panic, but at the same time, we want to take a proactive approach and ensure the health and safety of employees and the residents we manage.

Sincerely,

Roman Spektor
General Manager
