
COVID-19 UPDATE

July 10, 2020

Dear Residents:

A new [City by-law](#) requires everyone to wear a face covering or non-medical mask in indoor public spaces. Wearing a face covering or mask is an additional measure to take to reduce the spread of COVID-19 and keep each other safe. This by-law will be in effect until October 1, 2020.

According to this by-law apartment buildings are exempt.

However, for everyone's safety and as a precautionary measure, Pathway strongly recommends wearing face covering while in the common areas, including building's lobby, elevators, and the laundry room.

As you are aware from the previous notice Pathway has modified its operations in order to increase services of administration and maintenance, providing that the safety measures are followed.

Following are recommendations and operating details that we want to bring to your attention and a follow up:

- Avoid congregating with people in the lobby, laundry room, elevators and other common areas. Maintain 2m distance.
- Before any contact with the staff please complete Screening Questionnaire related to COVID-19 that is placed in the box outside the office and also on the website: www.pathwayhousing.ca
- Prior to personal contact with the office or the maintenance staff use personal protection measures, such as masks, gloves and hand sanitizers.
- While in the laundry room please wash your hands based on recommendations. Soap and paper towels are provided. Only **up to 3 persons** at the same time should be using the laundry room. **Do not** bring children when doing laundry. **Do not** leave any items on countertops or anywhere else after finishing using the facility. They will be disposed off by the staff.
- Office **does not** accept nor take responsibility for any parcels or packages from the couriers. Please ensure that you are home when the packages are delivered.
- Please wipe down your own doorknobs. Avoid coming into contact with all the surfaces (walls, railings etc.)
- Use the hand sanitizer, located in the main lobby, as well as in the parking garage elevator lobby, when entering or leaving the building.
- To minimize the risk of exposure and transmission during this health alert we discourage tenants' guests and visitors from coming to the building. Please do not allow children to play in the common areas including hallways as this practice is contrary to the "social distancing" initiative.

Pathway will remain focused on keeping our tenants safe and housed. Your health, safety and well-being are a top priority.

Thank you for cooperation and understanding.

Roman Spektor
General Manager
