COVID-19 UPDATE

NOTICE TO PATHWAY RESIDENTS

April 8, 2021

Dear Residents:

At the directive of Provincial Government and amid surge in Covid-19 cases the **Stay-at-Home Order** is in effect throughout the Province. In addition to wearing face covering while in the common areas, maintaining the social distancing and washing hands frequently the following measures have been introduced as part of the **Stay-at-Home Order**:

1. Everyone is required to remain at home, except for essential purposes, such as going to the grocery store, pharmacy, accessing health-care services or work that considered to be essential.
2. No parties or social gatherings are allowed at this time. Visitors should be restricted to medical staff or those checking on residents in the building to provide medication or groceries or taking them to medical appointments
3. Maintenance work of only emergency nature will be carried out in the units. You are welcome to complete and submit a work order for maintenance. However, it will be addressed when this emergency order has been lifted, presumably in four weeks. Any emergency, such as fire, flood, personal safety or community safety must be reported to the authorities by calling 911 and followed by a call to Pathway Emergency Service at **1-800-892-0083**.
4. The province will provide authority to all provincial offences' officers, including the Ontario Provincial Police, local police forces, bylaw officers, and provincial workplace inspectors to issue by-law infraction tickets to individuals who do not comply with the **Stay-at-Home Order**, or those not wearing a mask or face covering indoors in places open to the public, subject to limited exceptions,

More details about Stay-in-Home Order can be obtained from the following website:

<https://news.ontario.ca/en/release/61029/ontario-enacts-provincial-emergency-and-stay-at-home-order>

We also would like to reinforce some of the administrative and maintenance procedures in our buildings' operations that were brought up in previous COVID Updates and notices.

- Management staff will be scheduling our duties between the office and working from home. Kindly avoid coming to the office in person. All enquiries related to the tenancy can be submitted to the office in writing or by telephone message. They will be handled on a priority basis.

- Due to the COVID-19 pandemic and Stay-at-Home Order many residents, including children, are staying home. Some are working from home and children attending schools remotely. We urge everyone to refrain from generating an excessive noise at all times and be considerate of your fellow neighbors.
- Those residents who are not currently enrolled in Pre-Authorized Rent Payment plan (PAP) are urged to sign up for it to reduce need to leave the unit. PAP forms can be requested from the office.
- Our cleaning staff will continue to work hard in efforts to keep all areas clean and germs free. Do not leave garbage on the garbage room floors. Push your tied garbage bags down the chute. **Do not force oversized material down the chute.** Make sure you dispose of used masks in the proper way; do not leave them on the floors in the common areas.
- If you order food or other deliveries, you MUST come down to the lobby to pick it up. Delivery personnel should not be using elevators to take any packages into individual units. Management is not responsible for any packages left in the lobby.
- Smoking and/or congregating in the stairwells or any other part of the common area are not allowed.
- While in the laundry room please wash your hands based on recommendations. Soap and paper towels are provided. **No more than 2 persons** from different households should be using laundry room at the same time. **Do not bring children to the laundry room. Do not** leave any items on countertops or anywhere else after finishing using the facility. They will be disposed of by the staff.
- If you are concerned because you, or a member of your household are exhibiting symptoms of a respiratory illness or were exposed to someone who has symptoms, please contact your health care provider to discuss your situation. You can also call **Tele-Health at 1-866-797-0000.**
- Please ensure that you and your visitors (see item #2 above) are following posted parking control signs in Visitors Parking lot. Please note that parking rules are enforced by an outside company.

These precautions are implemented to keep the residents and staff as safe as possible and to abide by the guidelines that are set up by government.

Thank you for your support, patience and understanding as we all continue to experience disruption to our lives and services due to COVID-19 restrictions and closures.

Sincerely,

Roman Spektor
General Manager
